Difficult times a very few can stay fine'
All the time that we spent you better hit up my line'
Satisfied, take your time, all the time, that we gotta stay home, better not call 9.. 1.. 1..
Own time though is really what we need'
tell myself that i'm safe but I bleed'
take the jump but the fence is too steep'
get excited for the times when we're freeee'

Corona proly still making life tight
I tell my mom im safe, but I still go outside
Then I call my homie cuz I know he down to slide slide
Corona is bitch had some dawgs who had to cry cry
You can't go outside so you gotta keep yo head up
can't go outside so you gotta get your bread up
gotta stay home, work out and do the sit ups
Cant see the dawgs i been with since the get up

We might be stuck inside
but it's all gonna be alright
Get some sun, have some fun, do a home-run
You have to stay inside, so your grandma doesn't die
Spend some time with your Family
You know it's the perfect sanctuary
Laugh with your dad, stop being so sad
To keep your sanity, you have to stick with your family
To keep your sanity, you have to stick with your family

Thank you corona
you're tougher than expected
thanks for not getting us infected
keep washing your fucking hands
so we all soon can dance
We didn't get to be a part of a modulation
but now were here taking care of our sanitation
We were divided, but now we are united
Let's not get blinded
